Hi Regina,

Aaron sent your inquiry to me. I believe I know what this is about. ORD is briefing R3 and R5 and programs (not the Administrator) about results from a research collaboration with Ohio State University (this is an informational briefing). Right now, the briefing is scheduled for Nov. 21, but it's been moving around on the calendar. Attached are the draft slides that will be used for the briefing. Please do not distribute them widely. Also, please let me know if you have any questions.

Thanks,

Susan

Aaron,

This message is from our RA special assistant. Do you know of any ORD briefing for the Administrator on Gen X and in particular air emissions, I believe either this Wednesday or next Wednesday, as described below? Thanks for any help you can provide.

Hi Everyone,

We heard on the Administrator's weekly meeting that ORD is briefing the Administrator (?) on Gen X and in particular air emissions, I believe either this Wednesday or next Wednesday.

Is anyone aware of this or could someone please confirm the actual date of the call?

Thank you!
